COVER STORY

It could be a picture of YOUR fishing trip. It is actually taken at Falcon Lake. All who love to be on the water will know the delight of such a scene with or without fish. We hope it inspires happy holidays.

DOUGLAS EARL McPHERSON

Good-bye and good luck to our popular editor, Doug McPherson! Regretfully we announce our loss. Doug is leaving us for far-off fair fields. With his wife, three daughters and one son, his dog, car and household goods, he sails for England on June 19.

It is 22 years since Doug came to Eaton's. For two years he has been Assistant in charge of Contacts and Recreational Adviser. Just lately the duties of Secretary of the Suggestion Committee and of the Sir John Eaton Memorial Fund have been added to his responsibilities. His previous years were devoted to Signature work in Employment plus Recreation, in China, the Basement Store and Women's Hats. His work with the Company was interrupted by 4½ years' service in the Air Force.

A delightful evening party at the home of Mrs. Betty Schlamp was held in Doug's honour on June 2 by his associates in the Employment Office. Here he was presented with a three-piece pencil set.

The Personnel Department had a breakfast party at Moore's on June 3 and Doug received a transistor radio to keep him company on his travels. Mr. Sutherland made the presentation.

Doug's capacity for friendship and his interest and ability in sports will be talked of on the many occasions when his friends and associates recall him. His one regret is that he is leaving so many fine people behind. We know he'll make new friends to replace the old, but don't forget us, Doug. Keep in touch!

(Written by the incoming editor, Ruth Spurway, who asks your usual co-operation and help.)

25 YEARS WITH EATON'S

MR. STAN HOUSTON

Mr. Stan Houston, Manager of the M.O. Shipping Division, celebrated his 25th anniversary on Friday, May 20. His office had a constant flow of visitors during the day and many gifts were placed on his desk, among them some interesting photographic equipment. He was delighted to receive calls from his present staff and the many with whom he has worked throughout the years. On the following Friday, May 27, Stan was honoured at a stag party.

Starting with the Company as a belt boy in Department 122, Mr. Houston served in the M.O. Hardware and in the Radios. His work was interrupted by his three-year stint with the R.C.A.F. as a pilot instructor. Returning from wartime duty, he became Assistant in the Salesroom and associated departments for seven years. In 1953 he was made Department Manager of the M.O. Shipping Division and was appointed Manager in 1958.

Mr. Houston married Miss Edith Johnston in 1937 and has a son 18 and a daughter 13, both in Churchill High School. Mrs. Houston is well known to many through her prominence in ladies' curling circles in Winnipeg.

Bowling and golf are Mr. Houston's sports. He is a member of Elmhurst Country Club. He gave up alley bowling three years ago when he was busy building a rumpus room in his basement, and he says that "do-it-yourself" is no trouble to him as his father was a contractor-builder and put a hammer in his hand early. His long holiday is to be taken in short stretches, two weeks at Easter in Minneapolis having already been enjoyed.

Mr. Houston's comment on his work as a supervisor: "I think it can be done on a friendly level and as one human to another. People re-act to fair dealing."

Congratulations, Stan! Happiness, good health and continued success to you.

MR. A. S. BOWERING

Mr. A. S. Bowering, Freight Transport Department, celebrated his 25th anniversary on Friday, June 3. Coming to work steadily for Eaton's 25 years after ten years of intermittent work here, Mr. Bowering was first attached to the Delivery Department. After four years he transferred to Freight Transport where he has been since except for a five and a half-year stint in the Army. He holds a 21-year safe driving award which proves his skill at the wheel, and much of his work now is concerned with the office. He married Dorothy Engall of 1100 Department in 1940 and has a son 19 and a daughter 12.

When he was younger he played baseball with the Eaton group. Now his favourite pastime is swimming in summer and bowling and curling in winter. He has a cottage at Winnipeg Beach.

He chose a watch as his 25th anniversary gift from the Company. Mr. and Mrs. Bowering plan a motor trip in July to Eastern Canada and the United States. Your many friends wish you, Mr. Bowering, a happy holiday and good health in the years ahead.

MR. ANDREW JOHN BURNETT

Mr. Burnett, who celebrated his 25th anniversary on Friday, June 3, worked for the Delivery Department till 1952 and then transferred to the Garage where he has worked since. He has one married daughter and two grandsons who live in Toronto.

Travelling and fishing are Mr. Burnett's two favourite pastimes.

His gift from the Company was a handsome watch and his department gave him a gift of silverware.

Success and happiness in your future career are the things your friends and associates wish for you, Mr. Burnett.

MR. CHARLES A. CANE

On Friday, May 20, Mr. Cane completed 25 years of continuous service with Eaton's. He has been five years in the Delivery Department where he now works and 20 years before that in the Sales Audit. Mr. Cane was married in 1942 and has four children, a girl 13, a boy 12, a girl 8 and a boy 4.

Honouring his anniversary, his department presented him with a power mower. His gift from the Company was a ring. Charlie hopes to take his wife and children on a camping trip in July. We hope they have a good holiday. Best wishes for a healthy, happy future, Charlie!

40th

Anniversary

MR. JACK FRANCIS

Mr. Jack Francis, Winnipeg Buying Office, celebrated his 40th anniversary on Friday, June 3 (his official date was June 4). His desk was decorated very beautifully and loaded with gifts from his friends and co-workers. His department presented him with lawn furniture. Mr. Francis has served in the Buying Office for the past eight years, placing and expediting orders for Women's Wear Departments in our many branches.

Many messages of congratulation were received both from our suppliers and the departments he serves so efficiently and cheerfully. He brings to this job a wealth of varied experience with the Company, beginning as a parceler and Printing Department worker, he progressed to M.O. Staples, Women's Hats, Women's Shoes, a short stint as a salesman in Men's Furnishings in the Store, then back to the M.O. Women's Coats for a ten-year period as a Signature. From all this it was a natural step to his present position.

Mr. Francis married Charlotte Garrod of M.O. Yard Goods in 1929 and has a married son and daughter, a son 14 and four grandchildren. Many years ago Mr. Francis was an ardent cricketer. His summer recreation now is taken chiefly at his camp on the

Winnipeg River where he is found most week-ends fishing and improving the camp. In the winter his spare time is filled with wood-working in his basement workroom. Although he is not active presently, he was for many years an officer of the Norwood Credit Union.

A party, attended by Mr. Francis' friends and fellow workers, was held on Friday night at Mr. Percy Smith's home, and a very happy evening was enjoyed by all.

We all rejoice that Mr. Francis started young and so has several more years to spend with us. Congratulations on your record, Jack, and may you continue in good health and happiness.

MISS EDITH M. LLOYD

On Tuesday, May 17, Miss Lloyd celebrated 40 years of continuous service with the M.O. Adjusting Department, an enviable record. Her name is known throughout the Company, as it is she who sends out letters of explanation and information to all our Western customers and branches.

Miss Lloyd lives a full life outside business hours, too. She is a devotee of all sports and especially of fishing. She has musical interests and talents and sang in St. Patrick's Anglican choir for years, is a part-time housekeeper, a television fan and enjoys reading. Miss Lloyd's desk was beautifully decorated on "her day" and she received many gifts from her numerous friends in the organization. Among them were noticed a handsome wall clock and ornamental bedroom lamps. A party was held in her honour on Friday night at the home of Mr. and Mrs. Hugh Allan. A cooler, to add to the pleasure of her fishing trips, was presented at the party.

A trip to the west coast this summer, is among her plans for the future. Your many friends at Eaton's hope you have a wonderful time and wish you many years of good health, happiness and good fishing.

"POLIO CLIMB FEARED"

("Winnipeg Free Press" Headline)

"This may be a bad year for polio," warn the federal and provincial health officials. "It may be the worst in several years."

In Manitoba 40 per cent of the adults have not been inoculated. This is an unwarranted risk and none should take it. If vaccination is started now, two shots could be given before the time when the risk is most serious.

and killing disease?**

Honoured on Their Retirement

MISS E. L. MOON

Miss Moon, of the Drapery Workroom, retired on Wednesday, June 1, after 33 years of service. She joined the workroom staff seven years ago when the Shirt Factory, where she had worked for 26 years, was closed. She enjoys sewing, reading, gardening and travelling and plans a short trip east this summer but will continue to make her home in Winnipeg.

On Wednesday Miss Moon's table was suitably decorated and she received many personal gifts. Her department presented her with a 35 mm. camera and we all hope to see some good pictures.

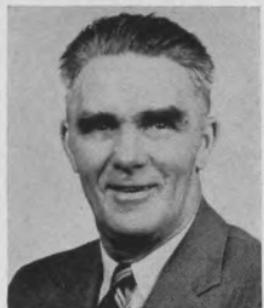

Your friends and associates wish you good health and happiness throughout the years ahead, Miss Moon.

MR. W. McGIMPSEY

Mr. McGimpsey completed more than 40 years with Eaton's and retired on Wednesday, June 1. He had 13 years with M.O. Hardware and then transferred to 133 Department where he has been head watchman.

He has enjoyed a cottage at Matlock Beach, does a bit of wood-working, is married with a family of four sons and ten grandchildren. Mr. McGimpsey plans a trip to the Eastern States this summer but will be back to live in Winnipeg. His department gave him a power saw as a parting gift. We all wish you health and happiness in your leisure days, Mr. McGimpsey.

MR. J. A. EDWARDS

Wednesday, June 1, was retirement day for Mr. Edwards of M.O. Furniture. He started working for Eaton's shortly after arriving here from England in 1928 but had some years of broken service. He has four daughters and one son, all married, and 14 grandchildren. A cottage at the Lake of the Woods and his fishing activity are among his keenest interests. Ask him about catching the 43½-lb. muskie!

Mr. Edwards plans to spend most winters in the south and his summers here. Lucky man!

His department gave him a handsome pair of field glasses. We all wish you many years of health, happiness and many more "big ones."

MR. F. STAINES

On Wednesday, June 1, Mr. F. Staines retired after 43½ years with Eaton's. He worked in the Mail Order for two years and then joined the Toy Department in the Store where he has been since.

Mr. Staines married an Eatonian, the former Florence Cooke of M.O. Copying, and has four sons and nine grandchildren.

His department presented him with a travel case for himself and an overnight case for Mrs. Staines. These should prove useful as they plan to motor to British Columbia in June, visit the Okanagan and, if their prospecting is successful, find the ideal spot for their retirement home. Mr. Staines is interested in gardening and is very active in Bethesda Church.

Your many friends wish you both years of health and happiness wherever you may settle.

MISS MARGARET MARSHALL

Miss Margaret Marshall, of the Staples Department, retired on Wednesday, June 1, after completing 34 years with Eaton's, and all in that department. She is staying in Winnipeg in the meantime but future plans are indefinite. Margaret enjoys reading and needlework and keeping her home. She had a three-month trip to Scotland, her birthplace, in 1959.

Miss Marshall was the recipient of many expressions of good will on her retiring day, and the department gave her a beautiful watch. We all wish you happiness and health through the years to come.

The Return of the First Flight

A happy, tired group came down the ramp on Wednesday, June 1, at 7:00 in the evening, to be greeted by their friends and relatives with the usual questions. Every report we have heard has been glowing and we hope to hear more details when they have a chance to catch their breath.

D. J. Williams

Mr. D. J. Williams celebrated 35 years' continuous service with the Company on Wednesday, June 8. Early in the day Mr. Williams was presented with a chair by his department and in the evening a special party was held in his honour. Best wishes for continued happiness, good health and prosperity.

Attention Mixed Five-Pin Bowlers

Have you made certain that your team is ready for the 1960-61 season? Do verify this before the holiday season is in full swing. The general meeting of Eaton's Mixed Five-Pin Bowling League is on Wednesday, August 17, 1960, in the Free Press Board Room No. 1 at 7:30 p.m.

All bowlers or those interested in bowling are asked to attend this meeting as matters concerning each bowler will be discussed. Entry forms for next season are available from E. J. Wall, Department 161, or E. Sigvaldason, Department 212. Final date for entries is Friday, August 12. Make certain that each team is well represented at the meeting.

Do you think all will be in readiness for Store opening two days hence? It was. This was taken on the second floor two days before the Store opened in 1905 and shows the staff and the state of things. Too bad we have no picture of the finished effort.

EATONIANS IN THE NEWS

IAN RAFUSE

Mr. Rafuse is shown receiving the bronze achievement award from Mr. W. G. McLeod, president of the Junior Chamber of Commerce. This award is given for conspicuous contribution to the projects of the Junior Chamber. Ian is now a Signature in the Cash Office, having transferred there from the Stock Audit.

JOHN STEVENS

Mr. Stevens, Signature in Economy Home Furnishings, received an award for achievement from the Junior Chamber of Commerce. His contribution to the success of the program during the past season has been outstanding. Congratulations, John!

THOMAS CARROLL JOHNSTON

Mr. Johnston celebrated his 80th birthday on Monday, May 9. He will be remembered by many as our efficient floorwalker of a few years ago and as a ♦ Eatonian. He lives with his daughter, Royal, and has made three trips to Ireland in the past nine years, visiting his birthplace, Ballymena, each time.

DONALD IAN McFEEITORS

Donald McFeeitors graduated in Architecture at the recent convocation. Eatonians are especially proud of his achievement as his mother is Mrs. McFeeitors of Department 118, and his father was the late Mel McFeeitors of the Furniture Department. Mel died in 1951. Donald has a brother, Jim, who also graduated in 1955. Congratulations to both boys and their mother.

JOHN GEORGE LATTER

Another Eatonian to receive a degree, this time a Master of Education, was John George (Jack) Latter. He worked part time and played baseball for us during his first years in university. At present he is teaching physics at Viscount Alexander School. His father, Fred Latter, was an employee of the Company for 37 years, mostly in the Furniture Department. We wish you every success, Jack.

Staff Training Reports

"Beauty Aids for Business"

Many members of our staff enjoyed a program on good grooming, including demonstrations on the use of cosmetics, business-like hairstyles and the wearing of appropriate clothes. Mrs. Dorothy Pratt (lower picture) presented the one and a half hour program in the Assembly Hall at 6:15 p.m. on three evenings, May 3, 4 and 5. She was ably assisted by (top, left to right) Mrs. R. Carroll, Beauty Shop, showing hair styles on her model, Miss A. Lamontagne; Miss Carol Smith, Staff Training, modelling dresses, and Mrs. Jean Frame who demonstrated Elizabeth Arden preparations in making up Mrs. Rose Collins, Staff Training.

This was an informative and inspiring evening and gave all who attended that springtime incentive to get the best foot forward.

WOMEN'S GOLF "GET-ACQUAINTED DAY"

Even the weather combined to make our "Get-Acquainted Day" a happy and successful occasion. Fifty-four girls turned out for the event, a very good percentage, considering the number of club members who were out of town for the week-end. Some very good scores were turned in.

Get your tickets early for our June 27 Pro Golf Event. Here is the chance to ask questions and get the answers to "How can I improve my game?" You read about these things but never quite understand, especially if you are left-handed! Tickets may be obtained from **Mary Thompson**, 167 Donations, 8th floor Mail Order; **Marion Hewitt**, M.O. Adjusting, 6th floor; **Ruby Fraser**, Store Employment Office.

R. Robertson, M. Jenkins, K. Smith, D. McPherson, L. Croft, T. Ritchie.

A PRESENTATION FOR DOUG MCPHERSON

An added highlight of the "A" Class field day on Monday, May 30, was an after-dinner presentation to Doug McPherson to mark his June 4 departure from the Company. Mr. Ken Smith, in his customary casual and witty manner, made the presentation—a 35 mm. camera—on behalf of both the Golf and Curling Clubs in recognition of Doug's ever-enthusiastic assistance and co-operation over the past years. We wish you and your family bon voyage, Doug, and trust that whatever venture you enter into over there will meet with success.

SAFE DRIVING AND ROAD COURTESY CAMPAIGN DINNER

A dinner to celebrate the closing of another Safe Driving and Road Courtesy Campaign was held in the Grill Room on Thursday May 12. Our pictures show two very important items on the program: upper left—Mr. Sutherland presenting the awards (wallets) for ten years of safe driving to drivers A. Gosselin, D. McLean, C. Waygood, C. Fry, F. Zacharias, E. W. Thompson, and lower right, Mr. Screamton presenting a token Safe Driving button to driver Stan Barlow. This represents 162 buttons won by drivers having no chargeable accidents during the year.

This annual event is one of great importance and the Company takes pride in the accident-free record of our drivers. Only 16 chargeable accidents occurred last year in a total of 1,360,000 miles of driving, an average of 5,231 miles per driver.

Honour guests at the dinner included Ald. Albert Bennett representing Mayor Stephen Juba, and Mr. G. Smith of the Manitoba Motor Vehicles Branch.

The Haymakers provided enjoyable entertainment and the evening, attended by about 200, was a great success.

Drugs—By R. Bovey

Pleased to welcome back Irene Smith after her long illness — good luck in the future, Irene. Reports on Minnie Provida are of the best, and we hope to see her back real soon.

A dinner was held at the Nanking on May 26, honouring Yvonne Hartley, a bride-elect of June 25. A presentation of a copper pantry set was made by Mary Wilson, her co-worker of the Perfume counter. All of 212 Department join in wishing you happiness for the future, Yvonne.

Congratulations and best wishes to Mr. and Mrs. Vlasluk (nee Louise Garm) on their recent marriage.

The only proof we have of the 24th weekend fishing trip the men of the Camera Department took, is the deep sun tan—apparently the fish just wouldn't bite.

Notions—By E. White

On Saturday, May 21, Margaret Crighton was married to John McBeth. They will make their home in Transcona. We all wish you a long and happy life together. We'll miss you, Margaret, but do come to see us.

Books and Stationery—By M. C.-Lawton

On Wednesday, May 25, a pre-quarter-century reception and dinner was held in honour of Mr. S. C. Florence at the St. Charles Hotel. Mr. Elmer Freeman acted as chairman introducing the head table and many other guests.

In a short and witty speech Mr. Gordon Hargreaves traced Mr. Florence's career through the Stock Audit and Mail Order until he arrived as Manager of 205-208. He then presented a power lawn mower with our very good wishes for continued health and happiness and the earnest hope that the mower would really run itself.

On behalf of business associates, Mr. Alex Southby presented a patio table and matching chairs. Mr. W. King read some of the many telegrams of congratulation that came from near and far. A poem written especially for our honoured guest by Mr. M. Blamey (retired from the Vancouver Store) was read by his son Robert. All the smart favours and table decorations proclaimed that Syd Florence was having his "25th." Even the special song sheets stressed it. (P.S.: The official date is July 29.)

Dancing led off by Mr. and Mrs. Florence, was the order of the evening, and the party broke up with everyone agreeing that it was one of our best—thanks to the hard work of Mr. Freeman and his committee.

A grandson for Ina Ramsay—his name is Murray Allen.

We were happy to greet so many old friends who came from Montreal, Toronto, Hamilton and Vancouver to attend the dinner for Mr. Florence.

Glad to report that Nancy Kelly is progressing favourably after a long illness.

On May 14 Dona Ruth Downie, Staff Training, married Harvey Burton Laycock at Deer Lodge United Church. We wish Dona and Harvey many happy years.

Mr. Fotheringham, Staff Relations, returned on Monday, June 6, after being on loan to the Community Chest for three weeks. Glad to see you, Mr. Fotheringham.

Budget Fashions—By N. Jackson

Mr. and Mrs. C. W. Bradshaw entertained the staff, with accompanying wives and husbands, at their home around the middle of May. It was a very enjoyable evening and all were interested in hearing about the Pacific cruise from which the Bradshaws had just returned. Samoa, Tahiti, Fiji Islands, New Zealand and Australia remain to most of us merely names of far-off places. However, with the aid of pictures and descriptions from Mr. and Mrs. Bradshaw, these places came alive and we felt that we were visiting there.

A former stockroom boy, Glen Wilkinson, visited the department last week. He has now become Constable Glen Wilkinson of the R.C.M.P.

Agnes Hughes has been visited fairly regularly by members of the department and we hope that very soon we will be able to report noticeable improvement. We are all pulling for you, Agnes.

At the time of writing, Beverley Lahoski has been absent because of illness, but we hope that she will be back with us again very soon and feeling much better.

Women's Shoes—By A. St. Pierre

It is really a pleasure to work in our newly decorated department. No one can deny that it is a great improvement from our old department.

A speedy recovery to Albert Smith who is convalescing in Grace Hospital.

Nice to see Mrs. Ellis back at work again. Take it easy, Winnie.

We also send our get well wishes to Mrs. Munroe's and Mrs. Murchison's husbands who are both recovering from operations in the hospital.

FOURTH FLOOR

Fur Department

This past month has been one of happy events. Firstly, Mrs. Ann Schultz had double cause for celebration. Her son was married in Nova Scotia on April 22 arriving home with a new bride to attend his sister's wedding on April 29.

Mrs. Olive Mills spent her vacation in Vancouver and attended the graduation of her son David from Royal Military College in Victoria during this time.

Frederick John Wicks graduated from the University of Manitoba with honours as a geologist, pleasing the family and particularly his mother who is also a graduate geologist.

On May 20, the department surprised Mr. George Gould with a gift on the completion of his 30th year with the Company.

Our best wishes and congratulations to all.

Moore's dining-room was the setting for a linen shower held to honour Frances Zolondek, bride-elect of June 11. Rae Davies and Vince Betteas, assisted by Mable Watkins, presented Frances with many beautiful gifts on behalf of the girls in 1100 Department. Music was provided by Bea Maywood at the piano, and a sing-song was enjoyed by all, after which a delicious supper was served.

A kitchen shower was held at the home of Mary Morrill also to honour Frances. Marge Paul and Mary Morrill presented Frances with many useful kitchen appliances and a lovely time was enjoyed by all.

Yet another shower to honour Frances was held at the home of Mrs. Margaret Ganza on May 31, when Frances was presented with a beautiful set of Petit Point chinaware, a lazy Susan and an electric kettle.

Best wishes to Pauline Chubby, of the Employees' Lunchroom staff, who left May 28 to be married. Before Pauline left, Mr. George Fox presented her with a floor lamp and a cut-glass vase on behalf of 1112 Department, and an oil painting and TV snack tables from 1100 Department. Pauline also received numerous personal gifts.

Lucille Bibeau, Department 1100S, came to work on May 6 wearing a happy smile and a beautiful diamond ring on that all-important finger. The lucky man is George Watson. Congratulations to you both.

Glad to see Phil Dyson back at work and looking well after a lengthy illness.

JUVENILE, 210 and 211—By G. Jenkins

The Baby Shop staff and Department 210 wish Mrs. Carol Draho every success in her new venture. Carol left on Friday, May 27, to make housekeeping a full-time job. She was presented with a Royal Doulton figurine from the department and other gifts from her associates. Mr. Webster, who made the presentation, expressed all our sentiments when he mentioned in his speech, that we would miss Carol's smiling face around the department. Good luck and best wishes, Carol.

On Friday, May 20, we said good-bye to Gordy Voth of our stockroom, who has left for another position. We were all sorry to see him leave, but wish him the very best for the future. He was presented with a shirt from the department.

PRACTISE WATER SAFETY . . . ALWAYS

The Manitoba Red Cross reminds again of the more common water safety rules:

- Do not swim alone. Your buddy may save your life.
- Do not swim for two hours after eating. Cramps may result.
- Swim parallel to the shore, not away from it.
- Do not overload your boat. It should be two-thirds out of the water.
- Do not put out in uncertain weather.
- If caught in a storm, make for the nearest shore.
- If the boat should capsize NEVER leave it. Hang on.
- Non-swimmers should always wear life-jackets in a boat.

Obey the rules and have a happy summer. Forgetting means tragedy.
